PROFILE

DNMADE Graphic Design student at Gobelins, passionate about graphic design, illustration, and animation. I create thoughtful and expressive projects that combine aesthetics with visual storytelling.

Currently seeking a 1-month internship starting in May 2026, followed by a work-study position in UX/UI Design / Product Design starting in September 2026 (schedule: 2 weeks in company / 2 weeks in school).

SKILLS

- Graphic design:** Figma, Adobe Illustrator, Adobe Photoshop
- Motion design:** After Effects (animation, video branding), basic compositing
- Video editing:** Premiere Pro, CapCut (social media formats, editing, audio)
- Visual creation:** Visual identity, moodboards, iconographic research
- UI / Web:** UI mockups in Figma, UX fundamentals
- Other:** Use of generative AI tools, visual trend monitoring
- Languages:** French (fluent), Mandarin (fluent), English (intermediate), Wenzhounese

PROFESSIONAL EXPERIENCE

- Graphic Design & Motion Design Intern - Plan Rapproché** December 2025 – 2 weeks
 - Created video branding elements in After Effects
 - Adapted and extended existing visual identities across different video formats
 - Produced motion design animations using After Effects and Premiere Pro
 - Developed moodboards and visual research to support art direction
 - Provided graphic design support for various deliverables in Illustrator
 - Translated content from French into English
- Digital Creation Intern - Ricmaa Custom** June 2025 – 1 month
 - Edited short-form videos for TikTok and Instagram using Premiere Pro and CapCut
 - Adapted content formats to match platform trends and social media standards
 - Contributed to the website’s design and optimization in Figma
 - Managed and tracked collaborations with brands
 - Researched new partnership and influencer opportunities
 - Coordinated with brands to validate sponsored content

PROJECTS

- Personal Portfolio**

Designed the portfolio in [Figma](#), then turned it into a published website through an AI-assisted prototyping and web integration workflow. [Website](#). (art direction, UI design, Figma, web integration)
- Fimo Figurine Creation**

Designed and sculpted shapes and volumes. Managed custom orders, applied UX thinking to client relations, and adapted creatively to specific requests. (creativity, client relations, order management)
- Scanlation (Webtoon Translation)**

Translated and creatively adapted webtoons from English into French. Redrew panels, integrated French sound effects, and replaced speech bubble text before sharing the work with a French-speaking community. (EN/FR translation, visual retouching, attention to detail, Photoshop)
- GachaLife Animations & Motion Content**

Created animations and narrative videos. Designed characters and staged visual stories that were published and shared on [YouTube](#). (visual storytelling, 2D animation, After Effects, Premiere Pro)

EDUCATION

- 2025 - 2027 DNMADE Graphic Design - **Gobelins** (1st year)
- 2023 - 2024 General Baccalaureate - Specializations: Visual Arts, Mathematics - Elective: Visual Arts
